

## WorkOasis Managed Services “you simply enter the service request and we will do the rest”:

*Centralize operations* and *reduce* the cost of managing maintenance requests for your portfolio through ServiceExpress™. WorkOasis can be your single source for the expert management of any service need.

Utilizing the industry leading WorkOasis maintenance management technology platform and a network of expert “self performing” service management companies we can help you improve service quality, standardize operations, reduce costs and simplify operations.

## How Does ServiceExpress™ Work..?

1. Customer Enters a Service Request via:
  - a. Web link or Point of Sale Terminal
  - b. Call Center or
  - c. Onsite M-Box maintenance panel (optional)
2. WorkOasis Creates and Manages the Work Order
  - a. Service request acceptance and review
  - b. Contractor selection and communication
  - c. Acceptance and Estimated Time of Arrival (ETA)
  - d. Work completion based on Service Level Agreement(s)
3. Customer Receives a Consolidated Electronic Monthly Invoice
  - a. Line item detail of all transactions by service category
  - b. Payable by credit card.

## The ServiceExpress™ Guarantee

1. Every Contractor is registered and ***certified*** in the WorkOasis system to a 20 point professional standard including proof of insurance and compliance with Federal laws (OSHA, EPA, EEOC, Employment Law and the Patriot Act)
2. WorkOasis ***will not mark-up*** any sub-contractor’s costs; and acts as an agent for the customer. Contractors are continually sourced using WorkOasis’ four star performance management system which measures the ETA, MTTR, average transaction cost and satisfaction survey on every service transaction.
3. There are ***no hidden costs***: WorkOasis provides service request management, access to our certified supplier network and the implementation of a full web-based CMMS platform for one simple transaction fee.

## Features:

- ❑ Single point of contact
- ❑ Expert management of assigned service categories

## Frequently Asked Questions:

### How can WorkOasis make any profit on \$1 a transaction?

The WorkOasis technology platform provides our customers the most efficient process in the industry for entering, managing and electronically invoicing work requests with our "Request to Pay™" service management system. WorkOasis does not mark-up any third party sub-contractor invoice and acts solely as the transaction manager between the customer and contractor. The transaction fee is the only cost paid by the customer and there are no hidden mark-ups or fees. Transaction fees can vary based on monthly volume as shown on the chart.

WorkOasis generates additional revenue by charging contractors for the use of the WorkOasis technology platform and annual certification. This includes an annual certification fee of \$75 for the posting and tracking of insurance documents and compliance with Federal laws for OSHA, EPA, EEOC, Employment and the Patriot Act.

Transactions per mth	Price
10,000 >	\$1.00
7,500 – 9,999	\$1.50
5,000 – 7,499	\$2.00
3,500 – 4,999	\$2.50
2,000 – 3,499	\$3.00
1,000 – 1,999	\$3.50
500 – 999	\$4.00
250 – 499	\$4.50
100 – 249*	\$5.00

\*Minimum 100 transactions per month required to qualify

### What is the relationship between the customer and the service contractor?

WorkOasis provides a work request and transaction management service to streamline and facilitate the fulfillment of work orders. All transactions are directly between the customer and the third party independent contractor with WorkOasis managing the process as agent of the customer.

WorkOasis utilizes a network of pre-selected and certified suppliers that meet our rigorous performance standards. These contractors are required to utilize the WorkOasis technology platform and maintain insurance and compliance with Federal laws. Our network includes both independent contractors and "self performing" service management companies and uses a "continuous sourcing process" to obtain the best prices for our customers.

### Can our existing service contractors become part of the WorkOasis service delivery network?

Yes, typically we utilize the existing WorkOasis pre-certified base of service contractors to better leverage our purchasing scale in each geographic area to secure you the best prices. Your existing suppliers can apply to become a certified contractor within the WorkOasis network however the delivery of ServieExpress requires a significant investment by each participating contractor in implementing the WorkOasis system, utilizing our advanced billing and payment process and training.

**Do we need to use ServieExpress for all trades:** No you can start with a customized list of selected categories and sites and add coverage as required; a minimum volume of 100 transactions per month is required to qualify for the ServieExpress program.
